

# THE ASSOCIATION OF CLASSIC TRIALS CLUBS

---

## WHO ARE THE ACTC?

The Association of Classic Trials Clubs (ACTC) is a non profit making voluntary body whose purpose is to encourage car and motorcycle competitions which perpetuate an amateur spirit and tradition. It was formed in 1979 and is recognised by the Motor Sports Association and the Auto Cycle Union. The Association promotes the ACTC Classic Trials Series. First introduced in 1984 the Series includes around 25 events each year open to registered Competition Members. A driver or rider registering with ACTC will automatically receive regulations for all events which form part of the Series and may receive notification of other events to which ACTC has been invited.

The ACTC magazine 'Restart' is published four times a year. It is included in the annual subscription for Competition Members and is also available for £10.00 per year to non-members.
