The 2014 Northern Classic Trial has a compact route of about 53 road and 20 forestry miles around the Northern Lake District visiting many of the sections from previous years including the infamous Sandale, Darling How and Lord's Seat. We will use variable tyre pressures, diversions and a few restarts to make the trial more enjoyable for all competitors. The start venue is at the brand new premises of Hope's Auction Mart, they are geared up for farmers and we should fit in well. The catering staff moved from the old premises so the food should be up the standard we now expect.

We were thrilled to be awarded 'Trial of the Year' for the second time as a club and the first time since the new team took over the organisation. Thank you very much every one who voted for us, we hope you will continue to enjoy our event.

In the National B event we have the eight standard car classes for those drivers wishing to enter the ACTC Championship.

The Clubman event, which doesn't require MSA Competition Licence, is open to members of FSAC and members of invited clubs: - ACTC Affiliated clubs as well as VSCC, Wigton DMC, Preston & District VCC, Durham AC, ACU and Trail Riders Fellowship. Except for class 0 the Clubman event will follow the same route and sections as the National B.

**Please note** that since 2008 car passengers in National B classes have been required to be a member of one of the invited clubs. They can become a passenger member of ACTC for life for a fee of £1.00.

This year's event is Round 5 of the ACTC Championship for cars and Round 3 of the ACTC Motorcycle Championship and is a great opportunity to score some points in some spectacular scenery

Should you be unable to enter this year perhaps you would be willing to marshal. We can promise you an enjoyable day in the country, interesting cars and bikes, good company and great atmosphere. Contact Myke Pocock at [mykepocock@yahoo.co.uk](mailto:mykepocock@yahoo.co.uk) or phone 01228 530555.

Up to date details of the trial can be found on our website [www.fellsideac.co.uk](http://www.fellsideac.co.uk).

Whatever you drive or ride, we are looking forward to seeing you on the  
.....

- 4.2 All vehicles must display a current tax disc and be insured for the event (see item 11)
- 4.3 Where legally required, the vehicle must have a valid MOT certificate
- 4.4 All vehicles must be effectively silenced. A noise check may be made. If in the opinion of the Clerk of Course any vehicle exceeds acceptable noise levels then that vehicle will be excluded and will not be allowed to start or proceed if detected after signing-on/scrutineering.
- 4.5 All vehicles must be fitted with the means of having a tow rope secured quickly. This must be of sufficient strength to withstand the snatch of a tow from a recovery vehicle.
- 4.6 All vehicles must have provision for the fixing of competition numbers in a prominent, near vertical position at the front and rear of the vehicle.

For class 0C only tyres conforming to the ACTC specifications printed in the section below will be permitted. - 4.10 The ACTC prohibits the use of advertising decals and commercial displays on competing vehicles.

## **MOTORCYCLE TYRES – ACTC SPECIFICATIONS**

Tyres used on ACTC events must be suitable for On Road use.

The Association wishes competitors to join in the spirit of the event by choosing tyres that are non-aggressive in appearance or destructive in use.

For Long Distance Trials tyres must be road legal. The distance between the blocks must not exceed 12mm across the tyre and 16mm between the blocks in a circumferential direction. The space between the tread must NOT extend across the complete tyre measured at right angles to the tyre wall unless broken by a block.

Only tyres normally available from Commercial or Retail sources for use on the Public Highway are permitted. They shall appear in the tyre manufacturers range catalogue or tyre specification lists available to the general public. They must be manufactured to comply with the European Tyre and Rim Technical Organisation (ETRTO) requirements in respect of load and speed codes and have a minimum service description of 45M. Tread Patterns of tyres as manufactured must NOT be CUT or ALTERED in any way.

We advise all motorcycle competitors that soft compound trials tyres are NOT SUITABLE for ACTC Long Distance Trials, using the public road. The tyres suffer from excessive wear, and break-up of the tyre making the tyres, extremely dangerous. It is the competitor's responsibility to ensure that the tyres fitted to his/her machine carry the correct load and speed rating.

For the purposes of ACTC events, Standard Road Tyres are defined as having a gap between the tread blocks NOT exceeding 6 mm, and a maximum tread depth of 10 mm. These dimensions will apply irrespective of machine manufacturers or tyre manufacturer's statements.

Three-wheelers may use motorcycle tyres, as defined above, or tyres complying with the regulations for car tyres. The vehicle manufacturer's standard tyre section must NOT be exceeded.

- 8.3 Observed tests will count as sections and as a tie decider:-
- 8.3.1 In sections that are observed tests, a penalty of 6 points will be given for hitting a marker or for stopping except astride a line, as detailed in the route book, and a time equal to the slowest time in the class + 10 seconds will be given.
- 8.3.2 Observed Test times will be used only to decide ties.
- 8.3.3 The times of the observed tests will be aggregated.
- 8.3.4 Observed tests will be timed by hand-held stop watches to 0.1 seconds.
- 8.4 The route card will be issued at the start and the use of maps is unnecessary. The official route must be followed throughout the event. The onus for finding the correct route rests with the competitor, and any competitor failing to do so will be liable to exclusion. The route is entirely covered by OS maps 85 and 89.
- 8.5 Route checks may operate during the event.

- 9.3 Marking and penalties will be in accordance with MSA regulations T4, see also item 6.4 of these SRs
- 9.4 In the event of a tie, the lower or lowest aggregate time of the special tests will decide the winner. If a tie still exists, the time in Test 1 will decide, and if still tying the vehicle with the smaller engine size will win.
- 9.5 A 12 mark penalty will be awarded to any competitor who does not observe the country code.

- 9.6 A 12 mark penalty will be made for any member of the crew walking past the Section Begins board of any section.
- 9.7 A 6 mark penalty may be made to any competitor who finishes significantly later than others relative to their competition number
- 9.8 **A 12 mark penalty will be made for any infringement of MSA regulation T4.1.11.** “Bouncing’ will be permitted only within the confines of the seating compartment, and then only so long as no portion of either the Driver’s or Passenger’s body, other than arms and hand, is placed outside the sides of the car or behind the seat they are occupying.”
