

ACCEPTED SPECIFICATION FOR A CLASS 7(c) CAR - VINCENT MPH and VINCENT BROOKLANDS

MSA Regulation **T 10** requires 'Front engine cars manufactured on a limited basis' (generally referred to as kit cars) to conform to an 'accepted specification'. This ACTC Accepted Specification, which must be read in conjunction with the current MSA Competitors' Yearbook and the current ACTC Classic Trials Series Rules and Regulations, defines the car described. All references are to the MSA Competitors' Yearbook current at the date of issue of this specification. (Tone denotes amendments from the previous version.)
