The 2015 Northern Classic Trial has a compact route of about 54 road and 20 forestry miles around the Northern Lake District visiting many of the sections from previous years including the infamous Sandale, Darling How and, once again, Forest Yump. We will use variable tyre pressures, diversions and a few restarts to make the trial more enjoyable for all competitors. The start venue is at the new premises of Hope's Auction Mart, they are geared up for farmers and we fit in well. The catering staff moved from the old premises and the food is well up the standard we now expect.

In the National B event we have the eight standard car classes for those drivers wishing to enter the ACTC Championship.

The Clubman event, which doesn't require MSA Competition Licence, is open to members of FSAC and members of invited clubs: - ACTC Affiliated clubs as well as VSCC, Wigton MC, Preston & District VCC, Durham AC, ACU, Leisure Lakes Classic Trials Club and Trail Riders Fellowship. Except for class 0 the Clubman event will follow the same route and sections as the National B.

**Please note** that since 2008 car passengers in National B classes have been required to be a member of one of the invited clubs. They can become a passenger member of ACTC for life for a fee of £1.00.

This year's event is Round 4 of the ACTC Championship for cars and Round 3 of the ACTC Motorcycle Championship and is a great opportunity to score some points in very spectacular scenery

Should you be unable to enter this year perhaps you would be willing to marshal. We can promise you an enjoyable day in the country, interesting cars and bikes, good company and great atmosphere. Contact Myke Pocock at [fsacnct@yahoo.co.uk](mailto:fsacnct@yahoo.co.uk) or phone 01228 530555.

Up to date details of the trial can be found on our website [www.fellsideac.co.uk](http://www.fellsideac.co.uk).

Whatever you drive or ride, we are looking forward to seeing you on the

- 4.2 All vehicles must be taxed and insured for the event (see item 11)
- 4.3 Where legally required, the vehicle must have a valid MOT.
- 4.4 All vehicles must be effectively silenced. A noise check may be made. If in the opinion of the Clerk of Course any vehicle exceeds acceptable noise levels then that vehicle will be excluded and will not be allowed to start or proceed if detected after signing-on/scrutineering.
- 4.5 All vehicles must be fitted with the means of having a tow rope secured quickly. This must be of sufficient strength to withstand the snatch of a tow from a recovery vehicle.
- 4.6 All vehicles must have provision for the fixing of competition numbers in a prominent, near vertical position at the front and rear of the vehicle.
- 4.7 All tyres, including spares, must comply with the ACTC Tyre List. For classes 0A & 0B any normal road tyres are acceptable, off-road and 'Mud & Snow' tyres are not permitted. For class OC only tyres conforming to the ACTC specifications printed in the section below will be permitted. An entrant not conforming may be allowed to run at the discretion of the scrutineer but will not be included in the results and will not be eligible for awards.
- 4.8 Any vehicle failing to comply with roadworthiness requirements will not be allowed to start. Vehicles which do not comply with class requirements will be moved to another class or excluded from the results.

- 4.10 The ACTC prohibits the use of advertising decals and commercial displays on competing vehicles.

## **MOTORCYCLE TYRES – ACTC SPECIFICATIONS**

Tyres used on ACTC events must be suitable for On Road use.

The Association wishes competitors to join in the spirit of the event by choosing tyres that are non-aggressive in appearance or destructive in use.

For Long Distance Trials tyres must be road legal. The distance between the blocks must not exceed 12mm across the tyre and 16mm between the blocks in a circumferential direction. The space between the tread must NOT extend across the complete tyre measured at right angles to the tyre wall unless broken by a block.

Only tyres normally available from Commercial or Retail sources for use on the Public Highway are permitted. They shall appear in the tyre manufacturers range catalogue or tyre specification lists available to the general public. They must be manufactured to comply with the European Tyre and Rim Technical Organisation (ETRTO) requirements in respect of load and speed codes and have a minimum service description of 45M. Tread Patterns of tyres as manufactured must NOT be CUT or ALTERED in any way.

We advise all motorcycle competitors that soft compound trials tyres are NOT SUITABLE for ACTC Long Distance Trials, using the public road. The tyres suffer from excessive wear, and break-up of the tyre making the tyres, extremely dangerous. It is the competitor's responsibility to ensure that the tyres fitted to his/her machine carry the correct load and speed rating.

For the purposes of ACTC events, Standard Road Tyres are defined as having a gap between the tread blocks NOT exceeding 6 mm, and a maximum tread depth of 10 mm. These dimensions will apply irrespective of machine manufacturers or tyre manufacturer's statements.

Three-wheelers may use motorcycle tyres, as defined above, or tyres complying with the regulations for car tyres. The vehicle manufacturer's standard tyre section must NOT be exceeded.

## **5. START & FINISH**

- 5.1 The start and finish will be at the Hopes Auction Mart, Syke Road Wigton, Cumbria CA7 9NS. (Map Reference 85/NY266473) Hot food and drinks will be available at the start and finish. Fuel is available near the start of the event. Fuel available along the route will be advised in the Route Instructions. Trailer parking will be available at the start

- 5.3 The following documents will be inspected at the start:- Competition Licence for National B entrants only, Club Membership Cards for all competitors including car passengers (see Section 2), ACU card for bike entrants.

## **6. RUNNING TIME & ORDER**

- 6.1 The event running order will be announced in the Final Instructions
- 6.2 The order will be in order of receipt of the entry forms.
- 6.3 The first competitor will depart from the start at 08:01 am and the remainder at intervals in numerical order.
- 6.4 There is no time schedule for the event and no penalty will be awarded for late arrival at a section, except as stated in 6.5.

6.5 Any competitor passed by the official back marker will be deemed to have retired.

## **7. TRIALS CHAMPIONSHIP STATUS**

The National B event is a round of the ACTC Car Championship and the ACTC Motorcycle Championship.

## **8. COURSE & SECTIONS**

8.1 The route will cover approximately 54 miles on public roads plus approximately 20 miles on byways and private tracks.

8.2 At least 12 observed sections will be run, and 2 observed tests. Competitors in Class 0A, 0B & OC will attempt at least 10 sections, plus 2 observed tests.

8.3 Observed tests will count as sections and as a tie decider:-

8.3.1 In sections that are observed tests, a penalty of 6 points will be given for hitting a marker or for stopping except astride a line, as detailed in the route book, and a time equal to the slowest time in the class + 10 seconds will be given.

8.3.2 Observed Test times will be used only to decide ties.

8.3.3 The times of the observed tests will be aggregated.

8.3.4 Observed tests will be timed by hand-held stop watches to 0.1 seconds.

8.4 The route card will be issued at the start and the use of maps is unnecessary. The official route must be followed throughout the event. The onus for finding the correct route rests with the competitor, and any competitor failing to do so will be liable to exclusion. The route is entirely covered by OS Landranger maps 85 and 89.

8.5 Route checks may operate during the event.

8.6 Most sections will be sub-divided (12-1). Unless specified in the route book, sections may not be inspected (see 9.6). Walking beyond the Section Begins board of any section is prohibited. Failure on any section which is not subdivided will carry 6 marks.

8.7 Except for observed tests, there is no penalty for striking markers, but the 4 wheels out rule applies (you must not leave & re-join the section).

8.8 Some sections will include restarts for some classes. These will be identified at the start or in the route book. Except where stated, restarts will be of the box type, marked by 4 'R' boards. On drop of flag, without rolling back, restart within 10 seconds.

8.9 Minimum tyre pressures will be imposed for selected classes at some sections, dependent on weather conditions. These will be advised in the route book or in writing at the start.

## **9. IDENTIFICATION, PENALTIES & MARKING**

9.1 Competition numbers will be supplied by the organisers and must be fixed in a prominent position at the front and the rear of the vehicle.

9.2 These numbers must be legible throughout the event and must be removed at the finish, or on retirement from the event.

9.3 Marking and penalties will be in accordance with MSA regulations T4, see also item 6.4 of these SRs

9.4 In the event of a tie, the lower or lowest aggregate time of the special tests will decide the winner. If a tie still exists, the time in Test 1 will decide, and if still tying the vehicle with the smaller engine size will win.

9.5 A 12 mark penalty will be awarded to any competitor who does not observe the country code.

- 9.6 A 12 mark penalty will be made for any member of the crew walking past the Section Begins board of any section.
- 9.7 A 6 mark penalty may be made to any competitor who finishes significantly later than others relative to their competition number
- 9.8 **A 12 mark penalty will be made for any infringement of MSA regulation T4.1.11.** "Bouncing' will be permitted only within the confines of the seating compartment, and then only so long as no portion of either the Driver's or Passenger's body, other than arms and hand, is placed outside the sides of the car or behind the seat they are occupying."
