ACTC to look at the feasibility of Regional Championships, or a Minor Championship.

This proposal results from concerns over the high cost of travel etc to do the whole ACTC Championship.

This Regional championship could be run wholly within the current ACTC Championship structure, so no extra organisation other than results correlation.

An outline suggestion is 4 Regions: North, Midlands, West, and South.

5+ Trials per Region, an equal number for each Region, with 2 or more Trials overlapping into adjacent Regions.

Crackington scoring would be used. The initial cost of purchase of set of trophies could be met by a pot of funds from all the participating Clubs.[or alternatively ,as was evident at the annual Awards/dinner event , the ACTC could make an effort to find the lofts full of their lost trophies]

The top 3 Wheelspin and Crackington would not be eligible for a Regional trophy. A Minor Championship could be run wholly within the current ACTC Championship On registering for the ACTC competitors would nominate their chosen 5+ Trials to be scored for points that year.

All delegates were tasked with discussing this within their club and to come to this meeting fully briefed to discuss.

15. Discussion item from Ross & District Motor Sports Club (Stuart Harrold)

15.1 R&DMSC need to change the date of future Kyrle Trials. This has become necessary because of the increase in numbers of nesting Goshawks on the mainly Forestry Commission land used for the Kyrle Trial. The law says that once an active Goshawk nest is found there must be a 300 meter radius exclusion zone for all activities around it from early February until the end of July. This has caused the loss of many sections used on the Kyrle Trial. There is a car rally in the Forest of Dean in early February so effectively the Kyrle Trial cannot run February to July. R&DMSC would prefer to run the Kyrle Trial sometime in the second half of the trials year, which is September to December.

R&DMSC understand the schedule is very busy at that time and wonder if there is a club with an existing trial that would be prepared to swap dates with the usual Kyrle Trial dates of late March, early April.

Alternatively, is there a way of adding a new Kyrle date to the already busy schedule? Goshawks have no predators so they are multiplying quickly such that the Kyrle Trial may not be run in the future due to lack of availability of sections.

- 16. Discussion item from Fellside A.C. (Derek Reynolds)
- 16.1 Prior to the northern trial Fellside AC received a complaint from an entrant that another competitor was listed as Class7 and, in his opinion, should be in class 8 because a 4 cylinder Citroen engine had been fitted into a Liege. The complainant did not identify the entrant. After the trial Fellside AC were then told by the complainant that the car in question was number 31, a Liege Sports, driver, Richard Irvine. To save other organisers this predicament could you please ask the technical panel to rule on this matter. Signed, Derek Reynolds
- 17. Discussion item from Stroud DMC (Carl Talbot)
 - 17.1 General discussion on the regulations including:-
 - 1. Specific reference to Blue Book J.5.1 [first paragraph]
 - 2. Should the ACTC be 'policing' Regulations or is ACTC only a passive 'observer' reacting to competitors protests etc.
 - 3. There are concerns that Production car Classes are becoming seen as 'Modified Production Car' Classes, are they becoming to extreme? There have been a number of suggestions for an ACTC Class Rep. for each Class (as Pete Hart is for Class 7), perhaps as part of Giles's Class initiative.
 - 4. Is it time for a review/rewrite of portions of the Regulations to bring them up to date?

This is detailed in the agenda but will not be discussed at length as the will be a separate Technical Committee meeting with co-opted people to discuss this at length and report back with recommendations before the September Council meeting.

- 18. ACTC Trophies.
 - 18.1 Trophy costs review. Giles Greenslade/Barbara Selkirk.
 - 18.2 Missing motorcycle trophies, any news?

- 19. Championship Schedule Chris Phillips
 - 19.1 Remaining 2015. Attachment to this agenda.
 - 19.2 Draft 1 of 2016. Attachment to this agenda.
- 20. Championship reports.
 - 20.1 Car championships Chris Phillips
 - 20.2 Motorcycle championships Stephen Bailey
- 21. Any other business.
- 22. Date, time and place of 2015 AGM & Council Meeting

Agenda April 2015 Rev1

Notes on the MSA Trials Committee Meeting

18 March 2015

A new member of the Trials Committee was Martyn Halliday, representing Historic Sporting Trials, but as he is also an ex Secretary of both this Association and The MCC so should be an ally

The most significant item from the recent meeting, as far as this council is concerned, is the confirmation from The Safety Advisory Council that it is acceptable to have two small (1 Ltre) fire extinguishers to make up the required 1.75 litres. Their statement is attached. This statement is important for two reasons, firstly it is written confirmation for those that have queried this, and secondly, as this will not appear as a change in the Blue Book it reflects the confidence that the MSA has in ACTC to regulate the sport knowing that we will only bring major items to the MSA, having already thought the items through and being able to present them confidently that the necessary research has already been done.

A point was raised regarding the use of the ACTC Listed tyres in "Car Trials" by cars running in ACTC Formula classes. The crunch here is that the "Car Trials" tyre rules apply to all vehicles in this discipline, although if a car is running in an ACTC formula class, our Formula technical regulations(T10) take precedence over any conflicting "Car Trials" regulation.

The Sporting Trials fraternity is to launch a new control tyre, the Nankang CX668 which has been well received as a tyre that produces significantly less grip, but does not to be so bad as to be dangerous. It does not work well in mud, but is quite good on virgin grass.

There was much discussion on the relationship between Motorsport and Forest Enterprise. Camel Vale had a bit of a run in with FE during their trial in December. This was partly a result of the heightened concern that FE has partly following the fatal accidents on Scottish stage rallies, but also because the latest Health & Safety Exec survey has revealed that a forest is now the most dangerous place to work, with fatalities being double those of building sites.

FE, therefore, has safety very high on its priority list, and takes Risk Assessment and Incident Handling Procedures far more seriously than they have in the past. Without dwelling too much on the problems that Camel Vale had, it is worth noting that the primary criticism that the Forester made was that although there were procedures in place, on the day they were not followed. Particularly those referring to planned signage. On the other hand, the Forester in charge was someone who was new to the area, did not have the relationships with the organisers, and did not understand motorsport. He did not grasp for example that the purpose of a sump guard was to prevent the environmental damage caused by a cracked sump, he though it was to batter flat the ground between ruts. He is no longer in his role in the Forest. Currently the Master Agreement between MSA and FE has not been renegotiated for 2015, although the 2014 agreement is still current. It is certain that when it is agreed, there will be far more reference to how motorsport should handle itself in the and more detail about what must be done in the general environs – not just on and around the sections. Life will become more proscribed for organisers, but so long as we do what we say we are going to do, take more consideration toward safety, and that all has been agreed in advance with FE then it should not really be much different to before.

There was some inconclusive debate regarding the scoring when markers are struck during a trials cars progress, primarily during the up-down-up style of section, where a car might come in range of a post that is not relevant to its current progress.

Jess Fack was in attendance to extol the virtues of "Go Motorsport", and some discussion ensued regarding how to attract people into trialling.

Notes on Draft 1 of the 2016 ACTC Schedule

- 1) 2016 is a leap year. Dates from Feb 29th move by two days.
- 2) The Cotswold Clouds will be late in 2016 because it cannot run in January. This means that the Clee can move to two weeks after the Exeter and the Exmoor can also move a week later, as happened in 2005 and 2010.
- I will be unable to be at the April ACTC meeting. Please let me have any queries or change suggestions, by e-mail, well before than so that I may prepare an accurate schedule for the meeting
