2018 HARDY CLASSIC TRIAL

Welcome to the 2018 Woolbridge Hardy Classic Trial, back after a year's absence. The event is a round of the ACTC car and motorcycle championships and also counts for the ASWMC Classic Trials Championship, and we look forward to receiving your entries. The Bridport & Weymouth Motorcycle Club is again running the motorcycle classes under a separate ACU permit. We are also again running a Clubmans event for club members and others without a competition licence, including a 4 wheel drive class; these will run strictly behind the main event and are not permitted to overtake main event competitors.

We have some new sections on land near Crewkerne, so the route will differ from previous years.

We are using the Lockton insurance scheme for cars, whereby the entry fee includes £7.50 plus IPT for all competitors. There is no opt-out for anyone who has their own insurance, but this small extra cost for those competitors is outweighed by the benefit to competitors who previously paid more per event, and the certainty that everyone competing is covered for road use. Motorcycles are covered by a similar arrangement as part of the permit process.

The start and finish will again be at the Clay Pigeon kart track at Warden Hill on the A37 between Dorchester and Yeovil. There is parking for trailers.

Results for the ACTC championship classes will be displayed at the finish on a provisional basis only. They will be then be e-mailed or posted to competitors who will be given seven days to raise any queries in accordance with Blue Book D26.1.3. Hot food and drinks will be available at the start and finish in the New Club House/Restaurant. Please avail yourselves of these facilities.

During the day please adhere to the authorised route and keep to the section opening times specified in the route card. Although there are no penalties for timing, some marshals are covering more than one section and the schedule helps ensure they are in place when you arrive. Holding / check controls may be used to ensure the smooth running of the event.

There is a fully on-line entry system since the last Hardy and all car and motorcycle entries can use it by following the instructions at the end of there regulations
