THE 94 TAMAR - RETROSPECT

Secretary's note - Sincere apologies for the delay in posting these results, this was due to my house move which took place a couple of days after the trial.

Main Awards -

J Allen , K Allen
K Elliott
J Penfound
J Dommett , A Ashby
A Templeton , J Templeton
I Cundy , J Daniel
D Heale , S Timothy

Bude and District
Dunheved Trophy
Dunheved Cup
John Dell Cup
Tamar Trophy
Club Cup
Saloon Cup

Ray Goodright
Secretary of Meeting

We trust that everyone enjoyed this years event. With rain in abundance prior to the event but thankfully for the most part pleasant on the actual day, the Clerks of Course prayer was answered. We hope competitors found the sections challenging and that changes included for the first time spiced the trial up a little.

Our post-mortem meeting has not yet taken place but it would appear that the mid-point time control had the desired effect and tightened things up. It was the first time ever that we all finished by 5.00p.m. and with an hour's daylight to spare.

It was noted that some competitors inspected sections prior to tackling them, thereby contravening SSR3 - FINAL INSTRUCTIONS. No penalties were imposed this time, but this may not be the case in future.

From time to time for various reasons beyond our control a section may have to be deleted from the route at the last minute. This has never previously happened due to a shortage of marshals, but it was for this reason that Treworld, (the last section) was cut from this years event. This was very much regretted, also the fact that marshalling efficiency on some hills may have been impaired for the same reason. We need a minimum of 65 marshals to run the Tamar properly, - this year, despite all our efforts, we could only muster 50!

We would like to thank all those who do marshal for us on this event. Many travel long distances and turn out every year to help, sometimes doing more than one job on the day, and for this we are extremely grateful. A special tribute is due to the stalwarts on tow rope duty at Langley's Bottom, who gave their all, together with the motor cycle competitor who, having finished the event hurried back to help them, their untiring efforts contributed greatly to the efficient handling of this section, - the fastest tow in the west! Well done, Dave, Steve and Mervyn.

A sincere thankyou to everyone.

Warin Kelly, David Uglow & Robin Moore.
Joint Clerks of Course.
