Big entry, fine weather, (almost) enough marshals and no show-stopping hassles ...

The indicative results published at 5.30 pm on the day have been revised to correct a marshal's error and get the record straight.

These **Provisional Results** will become **Final** unless queried by **Thursday 9 May**.

They show the following worthy winners of the awards:

Kyrlé Trophy **Bill & Carole Foreshow** in the **GVS Mark II**

Classes 1 + 2 **Jeremy Flann** Austin 7 Chummy

Class 3 **Paul Bartleman** Escort Estate

Class 4 **David Heale** Super Imp
Second Richard Peck VW Beetle

Class 5 **Dennis Greenslade** Reliant Scimitar SS1

Class 6 **Andrew Carter** VW Beetle 2000
Second Mike Hobbs VW Beetle 1800

Class 7 **Tim Lakin** Marlin Roadster
Second Paul Wear Marlin Roadster
Third Adrian Marfell Beetle / Alfa plus **Pepper Pot** for Best Ross

Class 8 **Stephen Bailey** MG Midge
Second David Alderson Troll T6E
Third Dudley Sterry MG J2

Class 9 **Yoshi Adams** Kawasaki KMX 200
Second Tony Falconer Bultaco 250
Third Gerald Philpot Honda 198

Honourable Mention for best time over the two special tests : Nigel Moss, Cannon Spl

Six Teams pushed their luck all day and finished with fistfuls of marks:

The Beatles	(13, 36, 39)	total	81
New Falconers	(34, 35, 47)		80
Derbyshire Dipsticks	(14, 29, 40)		69
Workey's Turkeys	(1, 9, 62)		57
Mattin's Monsters	(15, 23, 44)		48

so ...

Trolls Inc. **(32, 33, 48)** **32** **win the Awards!**

Class 9, eight solo motorcycles and one sidecar outfit, gave a fine account of themselves in a happy experimental run on sections laid out entirely for cars. They challenged the top end of Class 8 and, of course, whirled away past on the timed tests. We look forward to seeing (more of) them again!

Scrutineering produced 8 or more zero or low-pressure fire extinguishers, together with even more lightweight reasons why they'd got that way - or could hardly be found in the car, or could only be unfixed with great difficulty. Please understand you must carry an **appropriate, effective, immediately available fire extinguisher** on the Kyrle Trial so that a little blaze is put out quickly and thus a big blaze doesn't put the Kyrle out of forestry for seven unlucky years. Next year we'll not bother to listen to tales of dousing flames with CO₂ from the inflation bottle ... We'll run a reserve.

The tyre pressures checked at random in three places showed a few wheels right on the limit but none meriting a penalty, as was doled out to a Ross member last year. At risk of repeating the phrase, high pressures don't seem to stop Classes 8, 7 and 6 from performing very well indeed!

In previous years, we've provided sections to warm you up for Pludds. This time, Pludds was the warm-up for some immediate, serious work! Although Pretty Waters at Burnbrae was calibrated to just 12" on the C of C's wellies, it proved a bothersome depth for many and even wet a few trousers. The marshals here worked hard, then some moved on to Lane End for another bout in the mud!

The organisers join the competitors in offering sincere thanks to all the 58 marshals who turned out for a busy day, a dry day, but never dull! We're very glad to acknowledge sterling support from other enthusiasts, including Stroud, Bristol, MG Car Club and Drybrook Garage!
