17th December, 1990.

Dear *Arthur & Jenny*

LAMB LEER CLASSIC TRIAL, 16th DECEMBER 1990.

It was with great regret that we called the above event off, after all sections had been marked out in readiness for the day. The venue consists of a rather deep gully with steep sides, and the 4 or so inches of snow from the previous week-end finally drained into the main track with the sunshine of the last two days before the event, just as we were setting the site out. On several occasions we came very near to rolling our four-wheel drives whilst setting out, and reversing out of sections was starting to prove very precarious to say the least. Events came to a head when we had to call in heavy winching equipment to release a bogged down Range-Rover! Arrival at the venue the following morning proved that matters had worsened still further following constant heavy fog overnight along with a downpour of rain.

We thank you for your entry and for being so understanding when we rang to cancel the event at, literally the eleventh hour. We appreciate that many of you were busy preparing your cars to compete when you could have been doing your Xmas shopping instead, if we could have known that events would change so suddenly we would have advised everyone earlier.

~~We enclose your cheque un-presented / a cheque in full refund of your entry fees.~~

We are still very keen to run a classic trial on this competitive site and we are negotiating a further date with the land-owner a few months hence, when the venue has recovered from the worst of the winter weather.

Once a date has been set we will forward a set of Regs to you.

May we wish you a Merry Xmas and a year of successful motorsport in 1991.

Yours Sincerely,

Mike Jones
Mike Jones
