Held under the General Regulations of the RAC Motor Sports Association Ltd (incorporating the provisions of the International Sporting Code of the FIA), the supplementary regulations and any written instructions the organising club may issue. MSA Permit Nos. 4999 & 5000, A-CU Permit No. 05035, DoE Authorisation No. 24032 Nos. 18/19.

Please drive carefully and slowly through all the small villages on the route, and respect the landowners' property - remember we rely on their goodwill to stage these events. This event is routed along and / or across public rights of way. Competitors must exercise caution and reduce their speed accordingly near other path users. Be especially careful near horses. Slow down, stop, and switch off your engine if necessary. Follow the Country Code, close any gates you pass through, do not carry excessive mud onto the highway, and do not leave litter at sections or along the route.

Special Notes

Green Lane - the continued use of this section is dependent on the cooperation of the farmer. Please allow any farm vehicles or animals to pass unhindered. Open cars and motorcycles beware overgrown hedges - they too remain a condition of use.

Tincleton - please do not block the track approaching this section; allow farm vehicles to pass if necessary. Watch for walkers and mountain bikers along the exit track.

Details of sections with minimum tyre pressures and/or restarts will be confirmed on the official notice board at signing on. Procedures for restarts, special tests, and failures are given at the end of this route card.

Sections will be marked from 12 to 1 in normal trials formats. Loss of award will result from abuse of private property, exceeding speed limits or other police action, walking sections, not being ready to attempt sections when required by marshals, or failure to adhere to the specified route. Many of the sections will be familiar to regular competitors, but please follow this route card carefully. Many roads around Tincleton are designated cycle routes - please exercise care when passing cyclists.
