FORWARD

March, that means its Kyrle Car Trial time again. This event is now well established as it caters for all types of cars from the humblest mini through to the trials specials. Unfortunately this years event will not be at the traditional venue of May Hill because of local opposition, hence the move back to Whitchurch. You can be assured that the sections here will be as interesting and varied as possible. This, with no restriction on tyre pressures should help to make for a good days sport. As there will be over 40 sections plus a timed test we hope you will find this event very good value and most enjoyable. I wish all a good days sport.
