Dear

Once again the weather was perfect for this years Allen Trial. Torrential rain at the beginning of the week softened up the mud and formed huge puddles at the bottom of some hills. The dry, mild weather on the day was pleasant for marshals and competitors alike.

We hope you all enjoyed the improved facilities available this year at The White Hart. The bacon roles in the morning proved popular, and judging by the debris remaining by the evening, so did the lunches.

It was good to see that most of the classes were decided on the hills and that many of the class winners went clear. Looking down the results it is strange to see so many fails on Nanny Hurns, especially two class 8 cars, although I understand that these flew off the hump and landed in the hedge on the other side of the lane.

The crowning glory of the trial was to have been John Walker, however, due to further subsidence of the bank overnight, the sticky clay made recovery of any vehicle other than a light weight special, nearly impossible. This was illustrated by the only Escort to attempt the hill which took 3/4 hour to extract. We reluctantly cancelled the section to categories A,B,C and we apologise for the inconvenience.

The unluckiest man of the Trial must be Mike Workman, who having struggled successfully through the mud of John Walker, mistook the collection of marshals half way up the section for "Section Ends" and stopped for a chat, and so received a fail.

Congratulations to the overall winner, Graham Marshal who wins The Allen Trophy, and Nick Gyenes who wins the Bob Woods Trophy and to second overall Mark Linforth with Karen Wear who were also the first crew to clear John Walker and so forge the way for those following. Third overall and first Bristol Club member, was Robin Pearce in a Dellow who beat his father by putting in a very quick time on Sandy Lane, he wins the JFH Trophy.

A special note of thanks goes to the large number of marshals and recovery crews who turned out yet again and especially those who waited on in the dark for the late stragglers to make their way to the finish. A draw will be made and the winners notified of their prizes in due course.

Finally a video of the trial will be available shortly. If you would like a copy please contact Steve Curtis on 0454-774659.

We hope you enjoyed this years Allen trial and come back for more next year.
